LOWER TULE RIVER IRRIGATION DISTRICT
2004-1
Water Supply Notice

To all Landowners and Waterusers: **January 15, 2004**

In conjunction with the Corps of Engineers flood control criteria, releases will begin from Success Reservoir. It is anticipated the releases will last for approximately 10-12 days

The releases will allow the District to make water available on some parts of the system. Beginning early next week water will be available to users on Lateral #4. The cost is $35 per acre-foot.

Please contact the District office for additional information (752-5050 or 686-4716).

Daniel G. Vink
General Manager
