

September 15, 2023

September 15 – Updates on the 2023 Lower Tule and Pixley water runs:

- It is currently anticipated that the runs for both Districts will last until the end of October when the Friant Kern Canal goes down for maintenance and construction projects.
- As a reminder, these are the types of years landowners should be taking advantage of by recharging water and building up their groundwater accounts.

We will continue to keep you updated as we get closer to the end of the run.

As always if there are any questions please call the office.

Sincerely,

Eric Limas

General Manager
